Appendix (X.X.X.X.) 26th May.

Land Grants.

LIBRARY OF SANDFORD FLEMING

RETURN

To an Address from the Legislative Assembly to His Excellency the Governor General, of the 7th March last, praying His Excellency to be pleased to cause to be laid before the House, by the proper officer, a List of the Patents granted in Lower Canada for Lots of Land exceeding Five Hundred Acres, from the year 1795 to the year 1848, with the date of each Patent, the name of the parties to whom the said Lands have been granted, and by whom, the object for which each Patent was granted, and the conditions contained therein.

By Command,

J. LESLIE,
Secretary.

Secretary's Office,
Montreal, 26th May, 1849.

RETURN of Patents granted in Lower Canada for Lots of Land, of Five Hundred Acres and upwards, from the year 1795 to the year 1848, inclusive, with the date of each Patent, and such other information relative thereto as can be furnished from the Records of the Provincial Registrar's Office.

NAME OF GRANTEE.	No. of Acres.	Township.	Date of Grant.	By whom Granted.	CONDITIONS.	REMARKS.
Thomas Dunn and 34 Associates, ...	40895	Dunham,.....	2nd February, 1796,	Guy, Lord Dorchester,.....	There is the usual reservation of Coal, Gold, &c., &c. The right of making Public Roads, and of erecting Forts, &c., is also reserved to the Crown: and the Grant is upon condition, that the Grantees shall, within one year after the date of the Patent, settle on the premises so many families as shall amount to one family for every 1200 acres of the land,—shall within two years plant and effectually cultivate at least two acres for every 100 acres capable of cultivation,—and shall also within seven years plant and cultivate seven acres for every 100 acres capable of cultivation.	In this Grant the whole number of acres, 40,895, are given to the 35 Grantees, without particularizing the lots to which each of them shall be entitled; it being merely stated, that each shall have a 35th part of the aggregate quantity, *i. e.* 1,168 acres.
Asa Porter and 32 Associates,.....	41757$\frac{1}{7}$	Brome, ...	18th August, 1797...	Robert Prescott, Esquire,...	The conditions of this Grant are exactly similar to those of the preceding one.	In this case the Grant is of $\frac{5}{7}$ths of the whole Township, containing 58,460 acres, and those $\frac{5}{7}$ths, 41,757$\frac{1}{7}$ acres are to be divided equally among the 33 Grantees.
Nicholas Austin and 53 Associates, ...	62621 1 rood 30 perches.	Bolton, ...	" " ...	Ditto. ...	The only difference in the conditions between this case and the two foregoing is, that here the periods in which a certain portion of the land must be cultivated are two and four years respectively, and that the quantity to be cultivated within the latter period is five acres for every 100 acres.	Similar observation to the last.
Laughlan MacLean, ...	6000	Potton, ...	31st October, 1797...	Ditto. ...	Precisely the same as in the last case.	This is a specific Grant to one individual of 6,000 acres.
Isaac Coffin, ...	.....	Magdalen Islands,.....	24th April, 1798.....	Ditto. ...	In its reservations and other terms this Grant resembles the usual ones; and the only provision in it of a peculiar nature is the grant of a Piscary on the shores of the Islands and in the Sea, in the vicinity thereof.	The number of acres is not specified. The Grant comprehends Magdalen Island, Entry Island, Dead-man's Island, Shag Island, Brion Island, and the Bird Islands, with the exception of a "Clergy Reserve" in Magdalen Island for the whole Grant.
Samuel Gale and 12 Associates,.. 15600 John Jones,..... 1140 John Steele, ... 1200 Charles St. Ours, ... 3000	20940	Farnham, ...	22nd October, 1798,	Ditto. ...	The conditions and reservations are the same as in ordinary Grants.	The 15,600 acres to be divided equally among the 13 Grantees named.
Baron Frederick DeScheffalitzky, ... François Xavier Bender, ... André Camarande.....	500 750 550	Hinchinbrooke, ...	23rd January, 1799,	Ditto. ...	Ditto ditto.

N. B.—Where settlement is dispensed with, the grant is for Militia Services.

There are several Patents to the British Land Company, for Tracts of Land exceeding Five Hundred Acres; but, though they are in the form of Free Grants, I apprehend that they really come under the Class of Sales; and I have accordingly excluded them from this Return, as not falling within the principle upon which it is founded. Should I be mistaken in this conjecture, and should a List of them be consequently required, it can hereafter be furnished in a separate Supplemental Return.

PROVINCIAL REGISTRAR'S OFFICE,
MONTREAL, 25*th May*, 1849.

I Certify that the foregoing Return has been diligently and laboriously extracted and compiled from nearly thirty ponderous Folios of the Records of Land Patents in Lower Canada; that it has been carefully examined by me, and minutely collated throughout with the Records; and that I do therefore hope and believe that it will be found to be correct and satisfactory in all essential points.

R. A. TUCKER,
Registrar.
